Ross Condie

Junior Software Developer

As a curious and ambitious Junior Software Developer I am eager to advance my skills and take my first step into a technical role. Through a diverse range of life and work experiences, I bring a unique perspective to my development work. This perspective drives me to consistently improve, while my unwavering attention to detail ensures meticulousness in my approach.

◈ TECHNICAL SKILLS

Programming Languages	HTML, CSS, Python, JavaScript, Java	**Methodologies**	Agile
Frameworks	React/React Native, Express, Spring	**Databases**	PostgreSQL, MongoDB
Tools	Git/Github, Visual Studio Code		

◈ EDUCATION

Professional Software Development
CodeClan Digital Skills Academy

01/2023 - 05/2023   *Remotely delivered*

◇ Object-Orientated Programming
◇ RESTful Routing
◇ Databases
◇ Full Stack Development

◇ Intro to Web Development - UI/UX
◇ Version Control
◇ Test Driven Development
◇ Paired & Mob Programming

HND Sound Production
Edinburgh College

09/2007 - 06/2009   *Edinburgh, Scotland*

◇ Multi-track Recording and Mixing
◇ Audio Post-Production

◇ Sound Design & Game Audio
◇ Creative Music Re-Mixing

◈ PERSONAL PROJECTS

Recreated a popular ride-hailing mobile application. (04/2023 - 05/2023)
◇ Uber Clone Capstone Project.
◇ Learned completely new frameworks and libraries (React Native & Redux) within a two week time frame. Incorporating Google Cloud API's such as Places/Directions & Distance Matrix API's.
◇ Efficiently pair-programmed over the whole project, running daily meetings to merge changes to Github.
◇ Implemented a feature that could improve user experience within the app.

Built a full-stack web application for a portfolio of stocks and shares. (03/2023 - 03/2023)
◇ Atlas Wealth - Stock & Shares Portfolio App.
◇ Gained experience working in a team with three other developers over a one week period consolidating our learning from the JavaScript module.
◇ Used Agile working methods such as daily standup's and kanban board planning.
◇ Investigated JavaScript libraries and efficiently reading documentation.

Created a web application to track travel adventures. (02/2023 - 03/2023)
◇ Fugitive Travel - Travel Adventures Tracker.
◇ Bucket List CRUD app made in Python with Flask, using a PostgreSQL database.
◇ Learned to implement a static web application with a fully functioning back-end server database. Consolidating 4 weeks of learning into a one week project.
◇ Researched into following RESTful routing conventions.

◈ WORK EXPERIENCE

Self Employed Barber
Rag and Bone / Surf N' Cut
11/2016 - 12/2022

◇ Built strong and lasting rapport with clients through consistent delivery of requested services with exceptional results.

◇ Consulted with clients to assess personal preferences and unique needs.

◇ Quickly learned new skills applying them to daily tasks, improving efficiency and productivity.

◇ Proved successful working within tight deadlines and in a fast paced environment.

◇ Supervised training and professional growth of employees.

◈ CERTIFICATES

CodeClan Professional Software Development
 (01/2023 - 05/2023)

TELC German A1 (01/2022 - 01/2022)

◈ SOFT SKILLS

Problem Solving   Time Management   Flexibility   Adaptability   Communication   Conflict Resolution
